Requirements

We've got a flexible approach to academic entry requirements, and we'll consider these alongside your strengths and motivations. We're looking for people who bring:

- Genuine interest in our clients' businesses
- Curiosity for digital tools and data
- Adaptability
- Analytical thinking
- Strong problem-solving skills
- Effective communicators

Minimum age

18

Description

Advisory is about helping businesses navigate their most critical moments, from managing risk and preventing fraud to transforming operations and unlocking growth. As a member of our Advisory team, you'll work across some of our most compelling service lines, including Business Risk Services, Actuarial and Insurance Risk Consulting, Counter Fraud and Business Process Outsourcing.

As an Advisory professional you will:

- Work with a variety of clients, from FTSE-listed companies to fast-growing start-ups, across financial services, public sector and technology

- Get involved from day one, contributing to real advisory projects, from risk and controls reviews to actuarial modelling, fraud investigations and process transformation
- Collaborate with experienced colleagues, turning complex business issues into clear, actionable solutions
- Support clients through strategic and operational challenges, helping them improve performance, manage risk and achieve sustainable growth
