Above National Minimum Wage

Hours

37.5 hours per week

Requirements

- 3 A levels at grades BBC including maths & science at grade B or above
- 5 GCSEs with maths and English at grades 9-5
- Adaptable
- Resilient
- Team working
- Problem solving

Minimum age

18

Description

You'll gain hands-on experience working alongside a team of Civil Engineers with a range of experience. You'll support a variety of exciting projects, including active travel and bus fund schemes, local authority projects, and design and build work with contractors. Day-to-day responsibilities include:

- Producing engineering drawings and figures to support projects and technical reports
- Contributing to technical reports and engineering notes
- Undertaking elements of highway, utilities and drainage design
- Supporting infrastructure projects through different stages of design and delivery
- Working alongside engineers, technicians and other professionals across multidisciplinary project teams
- Developing your technical knowledge and practical civil engineering skills through hands-on project experience
