

Public Health Intelligence Specialist Apprentice

Location: **Calderdale**

Posted: **21st July 2026**

Employer: **Calderdale Council**

Role type: **Apprenticeship**

Entry Requirements:

Calderdale Council's Public Health Team works to improve health and wellbeing outcomes for the citizens of Calderdale and help address health inequalities. Public Health Intelligence professionals provide information that's essential both for identifying issues that have a negative effect on people's health, and for planning to deal with those issues.
